KUSHTI

Kushti is a 3-yr-old Registered Foundation Gypsy [IGEA], 15-1 hand gelding. He is sane, sound and safe in every way. He is the gentlest horse I have trained, and I am pushing 80 years. His black and white coloring is unique.

His color, correctness, disposition and feathering are about as good as it gets. He is good about his feet, ears, tacking, grooming, loads and hauls like a dream. I have trail ridden him a great deal. He handles obstacles well and hasn't shown any tendency to panic. Quiet, quiet, quiet is wrote all over him.

Very rare in a three-year-old.

This gelding is great with hobbles, feed bag, high line, clippers, slicker broke, loves to push a circus ball around. Also opening gates and rope work, i.e. dragging brush to the fire. He is great around dogs, but will usher them out of his pen in a friendly way.

This guy shows a real interest in wanting to work cattle and would easily become a ranch gelding.

He has been exposed to buffalo. He is also great around crowds and traffic. Kushti is really light in the bridle. In the spring, he will be ready to graduate from a ring snaffle to more bridle.

He will walk right into the cook tent and eat your biscuits, if you let him. Kushti is always ready to eat a pecan sandie cookie and loves his grain; makes you smile every time you look at him. I could write a book on his attributes.

Come to the sale and watch him at the preview. We will also be riding him prior to the sale ring. This guy is a good one and will stay that way. "No vices" ... none.

Call Tom with any questions you may have: 402-801-0182.

This beautiful mare stands 15.2 hands and is sound, sane, and incredibly well-trained for her age. Alli is broke to ride and drive both single and double. She picks up both leads with ease, neck reins, side passes, pivots, backs with her head tucked, and carries herself with a beautiful, collected short lope that's truly in the palm of your hand. She has a soft, willing attitude and is always eager to please. She has logged countless trail miles and confidently crosses water, logs, bridges, ditches, mud, steep hills, and any obstacle you point her toward. Nothing seems to rattle this mare. In harness, Alli has been driven single and double in just about every setting imaginable. She's been in parades, traveled gravel roads and highways, worked at chuckwagon races, helped direct traffic in the parking lots at the Iowa State Fair, and has even been hitched to Amish farm machinery. She has also been used alongside less experienced horses to help teach them the ropes. She stands quietly for the farrier, saddling, and harnessing, no stocks, twitches, or drugs required. She loads, hauls, and handles new places with confidence. Alli has absolutely no buck, bite, kick, rear, or bolt. She is current on dental work, vaccinations, and deworming. Although she has all the fancy buttons, she remains forgiving enough that beginners have successfully ridden and driven her. If you know the basics of steering and stopping, you'll appreciate how willing and honest this mare truly is. Prepurchase exam available. FMI 641-895-1215.

He neck reins, side passes, backs with his head tucked, and carries a smooth, comfortable short lope. His easygoing nature makes him especially appealing for riders wanting a calm, trustworthy partner. He has accumulated countless trail miles and confidently crosses logs, water, bridges, ditches, mud, and rough terrain without hesitation. He's the same dependable horse whether you're riding alone or in a group. In harness, Gator has done it all. He has been driven single and double, participated in parades, traveled gravel roads and highways, worked around the excitement of chuckwagon races, directed traffic at the Iowa State Fair, and been hitched to Amish farm equipment. He has also been used with inexperienced horses to help teach them to drive. He stands quietly for the farrier, saddling, and harnessing without fuss, no stocks or sedation ever needed. Gator is 100% free of buck, bite, kick, rear, and bolt, and is current on dental work, vaccinations, and deworming. His steady temperament has allowed beginners to successfully ride and drive him. If you know how to get on, sit in the saddle, or hold the lines and steer, Gator will take care of the rest. He's the kind of honest young horse that's increasingly difficult to find. These two half-siblings have been exposed to more real-world experience than many horses twice their age, and their solid foundation makes them outstanding prospects for anyone looking for safe, versatile riding and driving horses. Meet Dusty. Dusty is Ernest's 40 inch best friend and play companion of many hours this summer. He is absolutely a once in a lifetime pony. If you came to our place on any given day you would likely find Dusty loping or walking across the lawn with just a string around his neck and his little rider feeling like the king of the world. Or maybe trotting across the arena without a halter or rope and following his little human like a puppy. Dusty has one of those rare minds in a pony that absolutely loves humans of every shape and size. If you walk down our drive he will walk alongside you on his side of the fence. Dusty rides at whatever speed or level your child desires to but will walk if he has the option. He rides good in the arena walking and trotting willingly and has the cutest little short lope. Dusty sees every new situation as another adventure or opportunity to make a new friend. We have not found anything that scares this little guy. Dusty drives as good and quiet as he rides. Dusty will also lay down and sit up. If you are looking for a once in a lifetime pony for your children or grandchildren please take the time to call us and check out Dusty. Dusty sells with a 100% satisfaction guarantee. FMI call Samuel 719-371-0571.

We got Elvis back in early spring of 2026 and after having several years off he rode off like he had when we sold him. He has been started on the head side and used in pasture ropings and ranch rodeos. LOT 589 TR Boons Ablaze 4 yr old Registered Brown AQHA Gelding. Stands 13.2 hands tall. Boon is one of the most lovable down to earth geldings we've offered. Marcus has done most of the riding on Boon and has quickly fallen in love with him and has his hands full keeping the other kids from claiming him. Boon loves attention, meets you at the gate and likes to think he is everyone's best friend. Boon stands to groom, bathe and tack up and will stand to mount and wait on your cue to go. Boon rides good in the arena catching his leads, lopes circles and moves well off of your legs. Boon is content to ride at the speed of your choice as long as he doesn't have to exert to much energy. Boon has been exposed to tarps, whips, teeter totters and you name it he's probably seen it and probably doesn't even remember cause nothing shakes this guy up. Our kids climb over and under this guy and it's just another play day for him. Boon is solid on the trails and been up and down the road a bunch by any of our children. If you are looking for an easygoing geld that stands 54 inches tall and yet has enough frame to carry an adult and just wants to be your best friend then please check out Boon. Boon is UTD on dental and farrier and sells 100% sound and safe. FMI call 719-371-0571.

LOT 628 TSR Frenchman Alituf 5 yr old Registered Buckskin AQHA Mare. Stands 14.3 hands. Here's the kind that's getting harder to find, a young, attractive buckskin mare with proven bloodlines, a solid mind, and a bright future. She is broke to ride and has been on trails and in the arena. She loads, ties, stands quietly for the farrier, and is easy to handle. After spending over a year turned out on pasture, she was recently saddled and ridden by a teenage girl without issue, proving the kind, willing disposition she's known for. She is the type that wants to please and takes whatever you ask of her in stride. She is sired by Frenchmans Mr Tuff, one of the last foals from the legendary Geno Hunt breeding program, and traces to Frenchmans Guy, Sun Frost, and Otoe. On June 5, she was vet checked in foal to RR Merada Smoke Dog, whose pedigree includes Meradas Money Talks, Lonsum Drift 045 and Doc O' Lena. He is also a half-brother to the horse Lucinda Rose ran at the National Finals Rodeo, making this cross an exciting opportunity for both ranch and performance enthusiasts. Whether you're looking for a riding mare, a quality broodmare, or a young horse with the pedigree and disposition to do it all, this mare truly is the total package. FMI call 417-399-4148.

A great young pony out of a multiple world champion sire HH Jetalito Gold Bar. She spent 3 months as a 2-year-old with trainer Mason Stowell, smart and easy to train. Since then, our 16-yr old daughter has continued her education with all the good kid miles, quiet confidence, plenty of handling, and no bad habits. She's barefoot, sound, and low maintenance just trimmed a few times a year like most easy-keeping ponies. approx 13.3hh Has a com-fortable, forward, and smooth ride. Big enough to handle an adult if you want to send her in for a tune up. She can sit for long breaks and still steps right back into work with a calm, willing attitude. She's been to multiple playdays and small rodeo's noise and crowds don't bother her, started on goat tying. Has roped a little and sorted cows in the pens many times, never gets worked up, actually helps settle the herd with her calm demeanor. Honest, willing, and ready for the next step, whether that's more performance training or just being the best allaround pony for any job. This pony is ready for a handy confident 10+ yr to take her onto the next level. In general, she doesn't like change until you gain her trust. Once proven you'll have her in your back pocket. It may take a few rides to click with her but once she takes to you you'll have a friend for life. Guaranteed sound.
